

Procurement Manager

About WindSpider:

WindSpider was founded in 2020 in Stavanger, Norway. We are a group of highly skilled and experienced individuals within the offshore industry. Since entering the market, WindSpider has received very good feedback and an increasingly growing interest from several major wind industry players. WindSpider is now preparing for building of our first full-scale WindSpider system and are looking for qualified, motivated, and experienced personnel.

Procurement Manager position description:

The successful candidate will have experience with procurement from the oil & gas industry or the wind industry. The candidate will be responsible for the procurement activities during the technical development phase and the delivery of the first WindSpider unit. We are looking for candidates with both commercial and technical skills who enjoy working in an innovative, dynamic organization.

Procurement Manager position requirements:

We are looking for motivated and skilled individuals with a “can do” and a team player attitude. The right candidates will have:

- Previous working experience as a Procurement Manager for 10 + years.
- MA in Business Administration, Logistics, or similar, relevant field.
- Technical knowledge.
- In-depth knowledge of contracts, invoicing, and negotiation terms.
- Superb communication, interpersonal and leadership skills.
- Outstanding negotiation skills.
- Problem solving skills and a strong analytical mindset.
- English proficiency, verbally and in writing.

What we offer:

- Work in a dynamic international company within the exciting and fast-growing wind industry.
- Attractive compensation package.
- Excellent office building with canteen and training facilities.
- Great working environment in a dynamic and international company.
