

Project Engineers & Managers

About WindSpider:

WindSpider was founded in 2020 in Stavanger, Norway. We are a group of highly skilled and experienced individuals within the offshore industry. Since entering the market, WindSpider has received very good feedback and an increasingly growing interest from several major wind industry players. WindSpider is now preparing for building of our first full-scale WindSpider system and are looking for qualified, motivated, and experienced personnel.

Project Engineers & Managers position description:

The chosen candidates will be a part of a team working on building the first WindSpider unit. Candidates with manager experience and leadership skills will be evaluated for the position of the project manager.

Project Engineers & Managers position requirements:

We are looking for motivated and skilled individuals with a “can do” and a team player attitude. The right candidates will have:

- Experience with project and operational management.
- Experience from technology development and marine operations.
- 10 + years of relevant work experience.
- Preference for an MSc degree.
- Good problem-solving skills.
- Interest in working within a new, dynamic, and competent organization.
- English proficiency.

What we offer:

- Work in a dynamic international company within the exciting and fast-growing wind industry.
- Attractive compensation package.
- Excellent office building with canteen and training facilities.
- Great working environment in a dynamic and international company.
