

# Senior Structural and Mechanical Designer

## About WindSpider:

WindSpider was founded in 2020 in Stavanger, Norway. We are a group of highly skilled and experienced individuals within the offshore industry. Since entering the market, WindSpider has received very good feedback and an increasingly growing interest from several major wind industry players. WindSpider is now preparing for building of our first full-scale WindSpider system and are looking for qualified, motivated, and experienced personnel.

## Senior Structural and Mechanical Designer position description:

The chosen candidates will be involved in the development of the WindSpider system. Candidates with more than 10 years of experience will be evaluated for the position of the Technical Lead Designer. Candidates with less experience will also be evaluated, as we are looking to fill several positions.

## Senior Structural and Mechanical Designer position requirements:

We are looking for motivated and skilled individuals with a “can do” and a team player attitude. The right candidates will have:

- Competence and long experience from structural and mechanical engineering.
- Proficiency with programs such as SOLID WORKS, Inventor or Tekla Structures.
- Good problem-solving skills.
- Interest in working within a new, dynamic and competent organization.
- English proficiency.

## What we offer:

- Work in a dynamic international company within the exciting and fast-growing wind industry.
- Attractive compensation package.
- Excellent office building with canteen and training facilities.
- Great working environment in a dynamic and international company.
